Addendum:

As an exception and as part of the athletes' preparation plan for the Paris-2024 Paralympic Games, the ANNP will allow, on an out-of-competition basis, the participation of para swimming athletes in the 2024 Porto International Meeting, subject to the following rules:

- Athletes must be affiliated to the para swimming discipline in the 2023/2024 season;
- Entries must be submitted to the ANNP, in an invitation file, by May, 24th 2024 and accompanied by the respective payment;
- This exception only applies to adapted swimming athletes registered with the WPS in 2023 and/or 2024;
- In the events in which these athletes are registered, there may be an additional heat to the regulated one, in order not to jeopardise the number of places allocated to swimmers, and more swimmers may even be included so that the extra heat is complete;
- The participation of para swimmers is subject to invitations from the organisation based on the criteria of high performance;
- Because the participation of these athletes is an out-of-competition event, the official results obtained will not be taken into account for any individual or collective classification of MIP 2024.
